

A hand-drawn perspective view of a rectangular device, possibly a control unit or a component of a larger system. The device is shown with various internal and external features labeled with numbers. The top surface is labeled 10, and the front face is labeled 12. The side of the device is labeled 14, and the bottom surface is labeled 16. The rear face is labeled 18, and the side of the rear face is labeled 20. The top edge of the rear face is labeled 22, and the top edge of the front face is labeled 24. The bottom edge of the front face is labeled 26, and the bottom edge of the rear face is labeled 28. The side of the front face is labeled 30, and the side of the rear face is labeled 32. The device is shown with a dashed line indicating a hidden edge. A bracket on the right side of the device is labeled 27, and a bracket on the bottom right is labeled 34. An arrow points to the top right corner of the device, labeled 10.

A hand-drawn perspective view of a rectangular device, possibly a control unit or a component of a larger system. The device is shown with various internal and external features labeled with numbers. The top surface is labeled 10, and the front face is labeled 12. The side of the device is labeled 14, and the bottom surface is labeled 16.
